

Purdue Pharma Nalmefene Accessibility Statement

Purdue Pharma is committed to providing a website that is accessible to everyone

To further this commitment, we are using [Web Content Accessibility Guidelines 2.1, Level AA](#), which provides standards for making web content more accessible for all visitors, including people with disabilities.

Continuous Monitoring of Content

In the interest of staying ahead of emerging technology, the Nalmefene HCl website is tested regularly with the latest software and methodologies to maintain accessible content for all. Specifically, the Nalmefene HCl website is tested with assistive technology including screen reader software, alternative input (keyboard only) functionality, color contrast analyzers and magnification software. In addition to accessibility compatibility testing, the Nalmefene HCl website is also tested for usability. It is our goal to not only meet the minimum accessibility standards, but to exceed them by ensuring that the website is also usable. We are committed to addressing any issues that may arise while accessing our digital content and will readily provide assistance as needed if immediate solutions are not available.

Do You Need Assistance?

If you are having issues accessing any information on our website, please contact us promptly at 203-588-8000. Your experience and ideas are our highest priority. No issue is too small and we welcome your feedback.

Accessibility Conformance Report

Our Accessibility Conformance Report is created using the [ITI VPAT® version 2.4 Rev WCAG \(March 2022\)](#) and is available upon request. This report outlines how the Nalmefene HCl website conforms to the Web Content Accessibility Guidelines version 2.1 Level AA.

Endorsement

Endorsed by [Ablr](#), an accessibility company who employs and utilizes people who are blind and visually impaired in providing audits, training and consulting for all digital content.
